## CAN FIND NO REASON FOR INGLE SUICIDE

Body of Eighteen Year Old Boy Found in London Hotel Room Twenty-Four Hours After He Shot Himself.

Investigation made by District Attorney Dunwiddie and local authorities today failed to reveal the reason for the suicide of Roy Ingle, aged eighteen or nineteen years, whose dead body was found twenty-four hours after he had fired the shot which killed him.

Ingle had been employed since the latter part of this year by Carl Hanson on his farm near Emerald Grove. On Friday last he received a letter from his parents who live at Chippewa Falls, Wis., to the effect that his father was quite ill and he asked for permission to go home, which was granted.

The young man came to Janesville and called at the home of his grand parents, Mr. and Mrs. Joseph Pinger, North Bluff street. He told them nothing of his father's illness and it is evident that he had no intention of returning home. He took a room at the London Hotel Sunday morning and left again in the afternoon.

On Monday he telephoned to the Hanson home asking if they wanted him to return to work. He was told to come and a means of conveyance was furnished. When he arrived he acted queerly and finally admitted to Mr. Hanson that he had not been home and that his story of his father's illness was a fabrication.

He seemed distressed about some thing but would say nothing to his employer or the members of his family and at last left early Monday afternoon, evidently returning to Janesville where he secured a room at the London Hotel again late that afternoon.

He retired at once and nothing more was thought of the matter by Mr. Hanson, the proprietor, or any of the hotel employees until he failed to respond to knocking late Tuesday afternoon. His door was bolted and the key was in the lock on the inside. An investigation was made and an entrance was effected to the room through the roof.

The body was found prostrate on the bed in a pool of blood which had soaked through the bedding and mattress. His head was pierced with a bullet which entered his right temple, passing out of the skull on the left side of the head. Death had evidently been instant and must have been inflicted early Monday evening according to Dr. Kahler, who made the examination. There was no doubt but that the fatal wound was self-inflicted.

The police department was notified and Officer Sam Brown made an investigation. The body was taken to the undertaking rooms of D. Ryan and Sons and was kept there today awaiting the arrival of his parents who were expected this afternoon of this evening.

Young Ingle came to Janesville from his former home, from Chippewa Falls some time last winter. During his employment on the Hanson farm he proved himself a faithful worker and conscientious and was well liked by his employer and the members of the family. News of his death came as a surprise to them and as a severe shock to his grand parents. Besides his parents, Mr. and Mrs. William E. Ingle, he is survived by three sisters, Miss Vera and Mrs. William Hennine of Chippewa Falls and Mrs. Fred Hennine of Fall Creek, who live at home. No word has been received from them this afternoon as to funeral arrangements.

## CHINA SHOWER GIVEN MISS JESSIE PORTER

Bride to be Entertained at Home of Miss Helen McCarthy Last Evening. Have Mock Wedding.

Miss Jessie Porter who is soon to become the bride of Attorney Louis A. Avery was given a china shower last evening at the home of Miss Helen McCarthy, 527 North Washington street. Twenty girl friends of the bride and the hostess were entertained, a mock wedding being the principal diversion of the evening.

Miss Anna Kelly took the part of the bride, Miss Eva Pound, that of the groom, Miss Jessie Dudley was bride's maid, Miss Maxine Fox, best man, Miss Myrtle Winter, clergyman, Miss Mary Schwartz, accompanist, and Miss Callie Schwartz, who played the Mendelssohn wedding march. The bride and groom were seated in a room which was decorated with white and green streamers draped from a dais at the corners of the room. The table centerpiece consisted of a floating boat of lights the basin in which it floated being banked in ferns. John and piano entered the room and the festivities. Miss Porter who is chief operator for the Rock County Telephone Company, received many beautiful gifts.

MADE UNLAWFUL TO DRIVE OVER INCOMPLETED ROAD

Driving over highways declared closed and in process of repairs or reconstruction is made unlawful and subject to penalty by a recent law of the legislature. Two farmers in Marathon county recently were subjected to fine for an offense of this character. Last year highway commissioners throughout the state were annoyed and considerable damage was done by teamsters who tore down barriers and used roads which had been closed and it was of their petition that the law was passed. In addition to the fine, which may be as high as \$100, the offenders may be sued for the amount of the damage done.

## CLOTHIERS OF STATE HONOR A LOCAL MAN

Names Louis Levy Secretary-Treasurer of Newly Organized Association at Milwaukee Meeting.

Louis Levy of the Golden Eagle Clothing company, of this city, was honored with the position of secretary-treasurer of the Wisconsin Retail Clothiers' association which was organized at the Hotel Pfister in Milwaukee on Tuesday. Twenty-five clothing merchants from various parts of the state were present and discussed matters of interest to themselves and make plans for the work of the organization. A campaign to enlist every clothing dealer in the state in the organization will be made soon.

Other officers of the association are: George A. Grossman, Sparta, president; George G. Flynn, Madison, first vice-president; Felix Stelegan, Superior, second vice-president. Among the things which the clothing organization will fight are the itinerant merchant, face sales and an early cut in prices, all of which they claim are injurious to business in the end.

The Wisconsin organization is the seventh state association to be formed. Five more will be completed by Oct. 1, when a national organization will be perfected. C. E. Wry of Des Moines, Ia., who is secretary of the Iowa association and of the national organization committee, attended the meeting and assisted the Wisconsin merchants to organize.

Joseph Connors and Amos Reiberg of this city, were present at the meeting.

The next annual convention will be held the first week in September, 1914 in Milwaukee.

Oliver, of Horton; treasurer, F. J. Turner of Neenah; assistants, J. C. Smith, Burlington, L. B. Shanks, Waupaca; G. M. Calhoun, New London and G. W. Lester of Troy center statisticians, A. Huddell and of Almond; assistants, C. H. Wood, Milwaukee, Alfred Hood of West Bend, A. L. Tucker of East Troy, C. L. Andrews of Milwaukee, C. H. Matthews of Watertown and Rolo Hambrick of Fox Lake.

At the roll call of the pastors of the conference there were no cases calling for investigation of discipline revealed.

## ATTEMPT TO LOOT SAFE AT VAL BLATZ WAREHOUSE

An attempt to loot the safe of the Val Blatz, Brewing Company's warehouse here last night was frustrated Tuesday morning. The large doors of the safe were unlocked but the inner doors which were fastened had been pushed inward but resisted sufficiently to prevent an entrance. Stumps which were taken from the drawer in the desk were left untouched. There was no money in the safe had they been able to break into it. Entrance to the office was effected by breaking a window.

## LA CROSSE HORSEMAN HERE TO ENTER HORSE AT FAIR

W. F. Millard of La Crosse, Wis., passed through Janesville last evening on his way to Milwaukee, where he starts his horse, Alice McGregor, on Friday, in the 2:16 trot. On Saturday he will start "The President" in the 2:24 trot. The President has been started five times this season, and won first money in every race. Both of these horses, were trained over the Janesville tracks, this season.

## OBITUARY

Patrick Grannan.

Funeral services for Patrick Grannan, were held this morning at the St. Mary's church at Milton Junction by the Rev. James M. McGinnity. Those who acted as pall bearers were: John Kiley, Philip Kiley, Hugh Kiley, Frank Kiley, William Hart and Frank Hart. Interment was made in the Milton Junction cemetery.

Scott Smith.

The remain of Scott Smith, a former resident of Shopiere, arrived in this city at 2:35 o'clock this afternoon from Long Beach, California, where he died on September 5, at the age of sixty-five years. He leaves two sons, a daughter, and sister, residing at that place. Funeral services will be held at 2 o'clock tomorrow afternoon in Oak Hill chapel, interment to be made in that cemetery.

## NORTH JOHNSTOWN

North Johnstown, Sept. 10.—Last Sunday at 10 o'clock a group of Janesville, the approaching town of Miss Anna Panning, daughter of Mr. and Mrs. Michael Panning and Charles McKewan of Janesville was announced.

Mr. and Mrs. A. E. Menz and family of Milton Junction, motored to N. J. Joyce's Sunday, and took Mr. and Mrs. Joyce to Delavan Lake and spent the day.

MOTHER! MOTHER! YOUR CROSS, SICK CHILD NEEDS ONLY "CALIFORNIA SYRUP OF FIGS."

If fretful, feverish, constipated, bilious or tongue coated give "fruit laxative" at once.

No matter what ails your child a laxative should be the first treatment given.

Look at the tongue, mother! If coated, it is a sure sign your "little one's" stomach, liver and bowels need a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give it long-suffering "California Syrup of Figs" and in just a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless fruit laxative. Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters' sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

## SPENT 23 YEARS IN AFRICAN WILDS

Black Men Are Splendid Race, Says Missionary.

## WOMEN ARE SUFFRAGETTES.

More Advanced in Every Way Than the Men, Says Scotchman, Returning to America—Cannibalism Rarely Practiced, and Never by the Women. Opposed to Conversion.

Daniel Crawford, a Scotchman, who lost himself in the heart of Africa for twenty-three years and who recently produced a book called "Thinking Black," arrived in New York a few days ago. The missionary author is a short man with sandy hair, beard and mustache. He has sharp flashing eyes and a manner of speaking rapidly and with great emphasis.

"For twenty-three years," said Mr. Crawford on his arrival, "I never wore a collar, never saw a train of cars and hardly ever spoke to a white man. I really feel more negro than white man. A number of a century ago I was a young man, and I was dying of consumption. I heard that the climate of Africa would be good for my trouble, and I went there as a missionary. I struck into the heart of the country alone and lived by my rifle."

Blacks a Magnificent Race. "I found the black men in Africa a magnificent race," Mr. Crawford continued. "I settled among the Luban tribes. There are about a million of these people. They speak a wonderful language, which it took me years to learn. There are twenty-three tenses of the verb and the noun has nineteen genders. I translated the Bible into the Luban language and also wrote a grammar, which, incomplete though it is, gives a pretty good idea of the tongue."

"Did you find any of these peoples cannibals?" Mr. Crawford was asked.

"Very few," he replied, "and it may interest you to know that there is no such thing as a female cannibal. Although the men may eat human flesh the women of the same tribe never do. The women are further advanced than the men and they band together to protect themselves from man the monster. Yes, the movement for equal suffrage is probably stronger in Central Africa than anywhere in the world."

Advised Against Conversion. "And were you able to convert these people to Christianity?"

"The tribesmen with whom I made my residence were ready to profess Christianity, but I dissuaded them from it. They would have been but nominal Christians, and I feared that a change of faith would result in their destruction. Unless you have seen them as they are you can have but a faint conception of these black men in their natural state. The 'civilized' blacks have picked up all your vices and few of your virtues. But the negro under natural conditions possesses a culture of his own. He has a definite and delightful mode of etiquette."

Mr. Crawford said that after his visit to this country was over he would return to Africa to live again among the people with whom he has chosen to spend the greater part of his life.

## LESS AMERICANS TO CANADA.

Report Shows Decrease of Such Immigration to Dominion.

Immigration figures for the first three months of the fiscal year just issued at Ottawa, Ont., show an increase of British and European immigrants over the same period last year and a heavy decrease in immigration from the United States. American settlers entering Canada during the first quarter this year numbered 44,998, as against 53,843 in the same period last year. Total arrivals were 210,205, as against 175,346 in the same period last year. Of these 54,305 came from Great Britain, an increase of 15,000. The government estimates that the American settlers brought with them in cash and effects upward of \$67,000,000.

## SHINS RUE SLIT TROUSERS.

First Man to Wear Them Is Kicked by Newsboys.

A martyr to fashion, V. Leffingwell Doak, a member of the north side gentility of Pittsburgh, was mobbed by a gang of newsboys in that city. Doak was the first wearer of the prophesied slit trousers.

When the boys saw the innovation they gathered about Doak, voicing uncomplimentary criticisms. Finally they began to jostle him and kick him in the shins. At sight of a policeman they scattered.

## VETERAN OF COUNTY AT ANNUAL REUNION

Ex-Soldiers and Sailors Hold Eighteenth Annual Gathering in This City Today.

To the ex-soldiers of Rock county today will be doubly memorial, for in addition to the eighteenth annual reunion which was enjoyed at the east side Odd Fellows hall, the centennial of Perry's victory at the battle of Lake Erie was also commemorated. Delegates in large numbers from every G. A. R. and W. R. C. post in the county were present, the total attendance being nearly one hundred. The morning was occupied with greetings and receptions at the hall and the business session was called to order at one o'clock this afternoon with George John Fuller of Evansville in the chair. The reports of the officers were read and the election of officers for the ensuing year was the principal item of business. The regular program was carried out. Dinner was served to the comrades at twelve o'clock at the Odd Fellow's dining room.

Members of the Beloit drum corps were present and were generous with their music. At one o'clock this afternoon the corps gave a concert at the corner of Main and Milwaukee streets and the Spanish War Veterans' drum corps of this city turned out this afternoon to aid in the dispersing of martial airs.

The officers of the Union were elected at the session this afternoon as follows: Almond Baldwin of Clinton, president; J. F. Carle, Janesville, vice president; H. A. Anderson, Clinton, treasurer; Mayo Clinton, secretary; and W. F. Brown, Beloit, chaplain.

Play of Fect Tells a Story.

It is an axiom among business and professional men, and especially among newspaper interviewers, to watch the face of those with whom they are talking. But it is a still older axiom with the examining judge in France to note not only the prisoner's face but his feet play as well.

## More Cases Of The Rheumatism Have Been Overcome By The Chiropractor

Rheumatism is a pain which expresses approaching danger. Rheumatic pains are first pains that invariably lead to other vital ailments unless a normal condition of the body is restored. Every man and woman who is suffering from Rheumatism should come to me at once.

Dosing the stomach with morous drugs, poisons a few works more harm than good in most cases. More people have died in hospitals and sick rooms than in ways.

The Chiropractor says:

Do Not Look For Health In The Bottom Of A Medicine Bottle.

It is not there. Nature makes you well. In many cases where drugs and poisons are given the patients get well in spite of the medicine. Nature is the only healer. If the cause of your ailment is removed there is no reason why you should not get well.

Come to my office tomorrow for consultation and examination—free. Let me explain to you the wonderful Science of Chiropractic that has made such a wonderful record all over the country.

Hundreds in Rock County who came to me have gotten well.

## SPORT Snap-Shots.

Another star of the ring has fallen. Al. Palzer was laid cold on the mat by Frank Moran of Pittsburgh at New York the other day, and it looks like his ring days are over. Palzer's one bid for the money in the fighting game was his wonderful physique and his brute strength alone won him what laurels he had gained as a white hope. When McCarthy did him up in

sixteen rounds. Palzer's stock dropped many points, and the Moran bout has finished him up. They seldom survive a knockout, and it looks like another W. H. has gone.

Though Ty Cobb and Joe Jackson are not hitting as hotly as they were earlier in the season, they are still working hard enough in an effort to beat each other out and their race is none the less interesting. For the first few weeks after he returned to the Tiger fold, Cobb was stinging the ball at a .500 clip and made things look rather blue for Jackson. But he went into a slump and Joe overcame him. At present writing Jackson is leading the Georgia phenom with just six points and it wouldn't take a great deal to change the aspects of the race right now. For quite a while both of them were sailing along above the 400 mark but an eastern trip for both put a crimp in those lovely figures. They're each on another eastern trip now and the chances are that they will have to close the season without reaching that 400 mark again. Each seems determined that when October 3

blows round they will be proclaimed the batting king.

The season has been unpleasant enough for Joe Tinker without their putting this latest one over on him. That fish fisticuffs and rows on the field and newspaper squabbles and a tail-end team, and also a disagreeable boss. Joe has had hard luck enough. But this latest would make most any man weep and Joe thinks he'll protest. He paid \$10,000 for a pitcher with an arm in a sling. Cy Morgan, whom Tinker bought from Kansas City, was said by K. S. to be a wizard on the mound. "He'll put your team in the first division," said Owner George Tebeau to Joe Tinker. "Yeah?" says Joe. "how's come you haven't pitched him lately?" "Oh, he wants to wait till he hits the big league and he wouldn't want to risk getting beat again in the minors." "I'll take him," says Joe, and he did. Ten thousand bones in cold cash. And when Morgan reported at Cincinnati he explained that he hadn't been doing much pitching any more. His arm was a blame sore. He figured maybe he'd never be able to pitch at all any more not even next season. And Joe's going to sue to the National Commission about the matter and get his money back. He got cheated, he says.

Don't think that just because they're ball players they're not witty. Kidding is done quite a bit among the diamond heroes and occasionally their quips break into print. The following is offered as an excellent example of baseball banter. Jim Vaughn, the Cub catcher, as many know, is very large and a great deal of fun is noted at him as a result. A few days ago a fellow-player remarked about his size and said in a joking manner, "If I had your build I'd challenge Arthur Pecky How much do you weigh?" asked Vaughn of his tormentor. "One hundred and sixty-eight pounds," was the reply. "Then," said Vaughn, quip as a flash, "why don't you tackle Mike Gibbons? To which the joking person could make no reply.

### BASEBALL CHATTER.

The Pittsburgh Pirates have played only one double-header at home this year.

With Harry Lord leading the White Sox in batting with an average of .287, the Sox are still "the hitless wonders."

The proposed series between the Mobile Southern league team and Houston, champions of the Texas league, has been called off.

Now that the minor leagues are closing up shop for the season, new names are found in the line-up of major league teams almost every day.

The fight between Cobb and Jackson for the American league batting honors resembles the Cobb-Laioe close struggle of a few years ago.

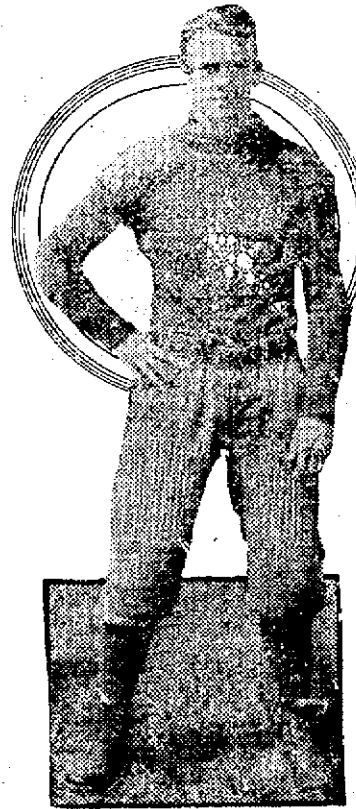

When it comes to heavy batting the Athletics have it on the Giants twice over and then some. McGraw has

## BUTTERS TO OPPOSE EDGERTON CITY TEAM

Tobacco City Nine Will Clash With Cards For Odd Game Sunday at Driving Park.

Each team having a game to their credit the Janesville Cardinals and Edgerton city team will fight for the odd game Sunday afternoon at the local diamonds situated at the Driving Park. Butters has been billed to hurt for the Cards and Wilson will be his battery mate. Butters has been a hard luck pitcher all season losing his games by a one or two majority and each time outpitched his rival by a larger majority. On Sunday the fans look for him to break his hard luck streak. "Anyways, Cuddy" is going to the mound with a pair of horseshoes in his pocket and the Cards vow revenge for what the Edgerton team did to them at the Irish picnic, when Crandall, twirling for Edgerton, shipped a one to nothing victory over them. Only and Hanson will oppose the local team and reports indicate that the Tobacco City nine are scouring around the country for material to send down here to take the Cardinals' measure. The Cards are not disheartened over their bad trimming by the Belvidere nine but realize that they were up against a better nine and luck was against them.

Having copped quite a bunch of promising minor league talent, Manager Frank Chance expects to boost his Highlanders up among the real performers next season.

It is whispered that Nap Rucker, Brooklyn's old reliable slagger, is going back to the Cubs. According to the records Nap has not been as successful this season as in former years.

Wilson of the Lynn team is leading the New England league in both batting and base stealing. He is booked for a trial with Clark Griffith's Washington team.

Captain Heinie Wagner of the Red Sox, thinks the world's series will be close with batting at even money should the Athletics and the Giants clash for the championship.

In the big trade with Cincinnati last winter, whereby Tinker went to the Reds, the Cubs evidently picked the right boy when they named Humphreys. He has turned out to be Ever's star twirler.

It is not often that a player who has stood one-two-three in batting all season, is slipped out of the big show, but such is the case with Charlie McDonald, recently released by the Boston Braves to Rochester.

The Red Sox have not played like champions this season, but they have cribbed all efforts to establish new pitching records. They stopped both Falkenberg, of the Naps, and Johnson, of Washington, after both pitchers were well on the way to produce new hurling marks.

### WEATHER CONDITIONS.

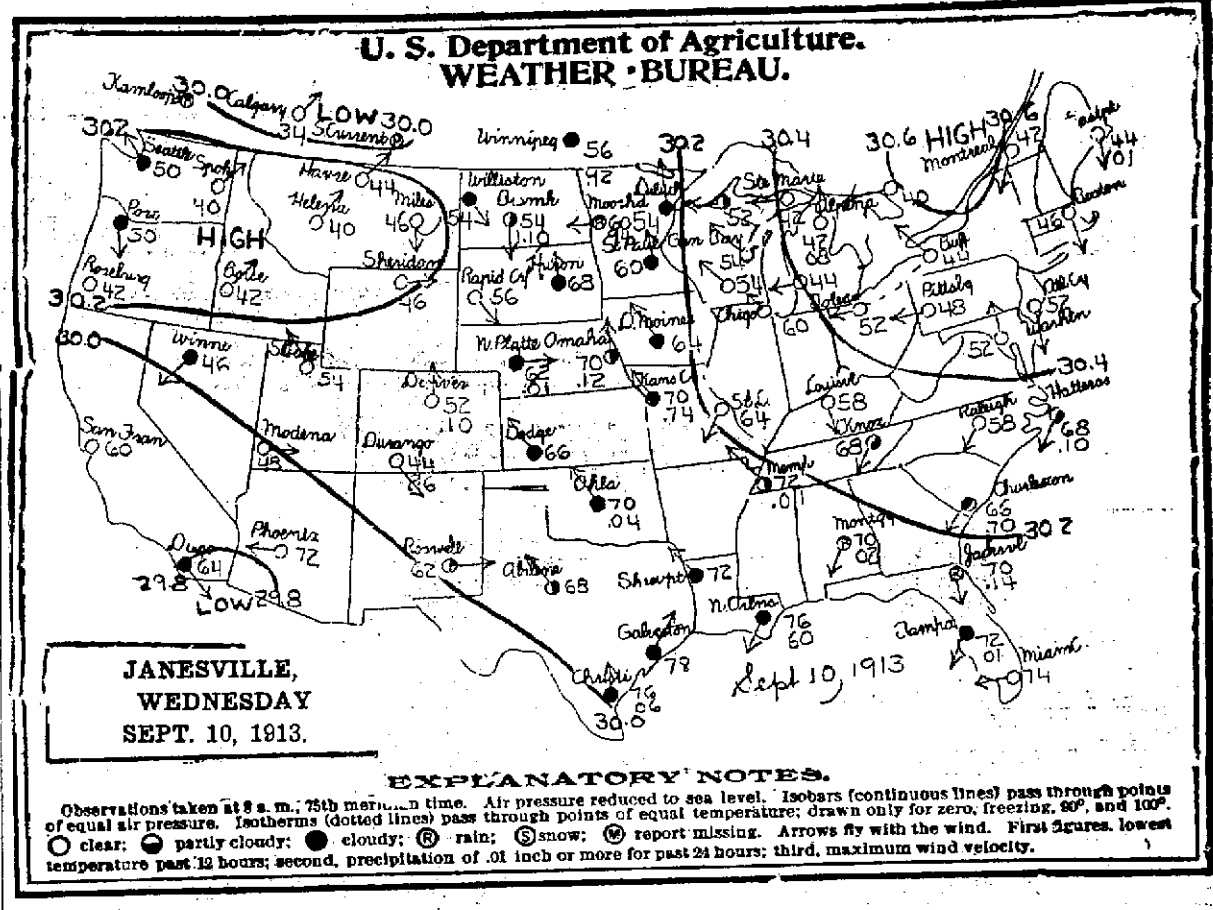

The area of high barometer in the northeast has remained stationary, and increased in strength. The barometric depression that was in the northwest has swung northward and will pass over Hudson Bay far to the north of the field covered by the weather map. The area of high barometer that was on the north Pacific coast is moving across the Rockies, and only a slight trough of low pressure remains between it and the eastern area of high barometer. This trough is the seat of showers and thunderstorms, one of which, at Devil's Lake, N. D., was accompanied by a rainfall of 1.78 inches, while 1.10 fell at Bismarck. Low temperatures prevail in the northern Rockies, frost being reported at Yellowstone Park this morning.

### THE TARIFF.

Aided by two republican votes, those of La Follette and Poindexter, the democratic majority in the United States senate have passed the tariff measure. Senator La Follette explains his vote as follows:

"I realize what I did was a political sacrifice, but that within me compelled me to vote for the bill. The tariff act of 1909 was but little short of a crime; the bill passed today is not a democratic measure, but is a protective measure. Every change made by the finance committee was made by way of adjustment to a protective basis, except such as free wool and free sugar, which were determined upon outside. They treated the agricultural schedule, I regret to say, on a free trade basis, and I would have retained more duty on cutlery and some other articles on which there is no data, in order to be sure not to ruin American production. Give the democrats time and they will put everything on a free trade basis, but they have not done it in this bill."

Senator Poindexter makes his explanation in the following manner: "I voted for the bill because it is as a whole a better bill than the Payne-Aldrich law now in force. Furthermore, it contains an income tax, which we have been trying to get for twenty years."

The bill is one which President Wilson insisted must be passed and he stands today as the first president whose personality was strong enough to carry out his wishes. He can sign the measure when it comes to him satisfied that make or break the democratic party, it is his bill, his experiment. Opinions throughout the country differ as to the results that will be obtained. It calls for free sugar, free raw wool, but the senate revised other rates further downward. Ultimately the democrats, if left in control, will return to the old doctrine of free trade, but at present the average ad valorem rate in the bill is approximately 28 per cent, a decrease of 28 per cent from existing rates and nearly four per cent lower than the rate of the house bill.

The changes made by the senate were:

Lowered the normal exemption from the 1-per cent income tax from \$4,000 to \$3,000 for single persons, with exemptions for wives and dependent children.

Exempted the incomes of mutual life insurance companies which revert to the benefit of policyholders.

Increased the graduated surtax on large incomes to a maximum of 9 per cent on those of more than \$500,000.

Exempted incomes of municipalities derived from operation of public utilities.

Changed the date from which the tax shall be computed for first year from Jan. 1 to March 1, 1913.

Free listed cattle and other live stock, wheat, hair of the Angora goat and some other agricultural products.

Restored oatmeal and rolled oats to the dutiable list.

Provided an elaborate inspection of meat imports.

Reduced House rates on woolen manufactures, to become effective January 1, 1914.

force to handle income tax collections without regard to requirements of the civil service.

Struck out a countervailing duty on wood pulp.

Greatly reduced rates of the metal schedule.

Struck out many reform provisions in administrative section.

Rejected the anti-dumping clause, the 5 per cent tariff reduction on imports in American vessels and the requirement for inspection of books of foreign manufacturers in undervaluation cases, but added a provision giving the president authority to retaliate against nations which discriminate against American goods by proclaiming increased rates on certain products.

Adopted a provision excluding goods manufactured chiefly by child labor and provided for the creation of a commission to revise the customs laws.

Important additions to the free list included:

Antimony ore, limestone, rock asphalt, asphaltum and bitumen, fabrics of jute yarns, wool blankets valued at less than 40 cents a pound, textbooks, sugar machinery, cast iron pipe, surgical catgut, cresote oil, de-datured alcohol, flax and hemp, furs and fur skins, gunpowder, pig iron, spiegeleisen, ferromanganese, wrought iron slabs and blooms, photographic moving picture films, steel ingots, blooms and slabs, cattle and other live stock, wheat, sawed cedar, Angora goat and alpaca wool and paper.

President Wilson himself praises the measure in the following manner: "A fight for the people and for business which has lasted a long generation through has at last been won, handsomely and completely. A leadership and a steadfastness in counsel has been shown in both houses, of which the democratic party has reason to be proud. There has been no weakness or confusion or drawing back, but a statesmanlike directness and command of circumstances. I am happy to have been connected with the government of the nation at a time when such things could happen and to have worked in association with men who would do them."

Today the school children of Janesville are given another lesson in patriotism by commemorating the great victory of Commodore Perry at Lake Erie, a hundred years ago. It is a novel way to teach history, but one which will not be forgotten by the children all their lifetime.

The proprietors of those Paris costume shops had better be on their guard. An American woman who was robbed by an Apache caught him and turned him over to the police.

It seems Mrs. Kate Edwards, the Pennsylvania husband murderer, is still in jail. Isn't it about time for American womanhood to sign some more petitions?

A barber boasts that his establishment was commended by Albert Hubbard. Most folks wouldn't pick Albert as an authority on barber shops.

Couldn't congress help Secretary Bryan to live on his income by authorizing him to perform marriages in the District of Columbia?

Mr. Thaw's description of himself as a tourist would have carried more conviction if he had had the picture postcards to back it.

Horses that have to carry individual drinking cups to escape epizootic should be glad that they have no use for towels.

The nose ring may be a distinct novelty on the stage, but it has long been favorably known on the farm.

Fate seems against Governor Sulzer. He has been commended enthusiastically by Governor Bleas.

Probably even Colonel Roosevelt doesn't look happy when he is eating corn off the cob.

### PURE MOMENT

The Diary of a Bonehead.

I am a kindhearted gentleman, and being a kindhearted gentleman I, of course, have not very much money and frequently find myself in the role of the Angora.

There seems to be no other goat in my whole circle of acquaintances. When it came to passing around a subscription paper for the purpose of paying a hospital bill of \$300, which had been contracted by one of our poor friends who had been injured while driving his own automobile, there was never the slightest doubt as to who would draw the honor of passing it. I was elected. Hands down, without the slightest opposition.

Next to interfering in a quarrel between husband and wife, the most thankless job in the world is that of passing a subscription paper. A man has to make it a personal appeal in order to get the money. Every man who gives twenty-five cents says "I give this just because you are passing the paper and for no other reason."

Thus a man becomes deeply indebted to several hundreds persons, many of whom he never saw before. As soon as I was chosen to take charge of this subscription I went and stood good for the hospital bill of \$300 so they would let the unfortunate man go home to his family.

The first twenty-seven men on the list that had been furnished me said they had no sympathy with poor gentlemen who owned automobiles and refused to contribute.

The next twenty-five men had never heard of the injured gentleman and the next forty on the list were out of town for the summer.

I worked for three weeks to raise the amount of the hospital bill and finally got out of it rather easily. It cost me only \$200.

The man's brother had hunted me up and subscribed \$2.

In the language of the raven: "Nevermore."

### Cutting Expenses.

I love to ride in a touring car. And zip on the old stone road. I love to tour to the burgs afar. And joke with the merry laod.

I love to observe the trees flash by. And hear the good motor hum. I love the rumble as on we fly. With the sound of a kettle drum.

I love the rush of the bracing air. And the feeling of joy it brings. It's sport that's quite beyond compare. A sport that is fit for kings.

It's the jolliest thing that I know by far. And my heart in rapture melts. I love to ride in a touring car. When it's owned by someone else.

Signs of the Times.

A brakeman clung to a bar and saved his life but it was not the kind of a bar that has a brass rail in front of it.

England, Russia and Germany will not exhibit at the San Francisco exposition. Neither will Abe Ruef. Clapnetes are apparently as much out of style this season as 1905 automobiles.

The young man is up against a hard problem. The secretary of the navy is urging him to go into the army and the secretary of agriculture is urging him to go back to the soil.

A man has just traveled from Portland, Ore., to Portland, Ore., without giving anybody a tip. Thus are the tales of Baron Munchausen cast into utter eclipse.

When the government gets after the telephone trust in earnest it will probably be informed that the line is busy.

A Japanese spy has been discovered at Cornell. Horrors! Maybe he has secured the football code.

How soon greatness is forgotten. The papers have not printed Mr. Taft's golf score once this season.

### Heart to Heart Talks.

By EDWIN A. NYE.

#### YOUR BOY'S FIG.

If you give your boy a pig and when it is grown it becomes father's hog you are confusing your boy's sense of property rights.

And you may make a criminal of him besides.

Is the statement strong? Listen. Eighty per cent of all criminals are propertyless people who have never been taught to do things skillfully.

Don't you see the moral values involved in ownership of things and its effect upon your boy?

Here is where you may begin to make your boy a good citizen. Help him to own something. Ownership gives him respect for the property of others.

Our civilization rests largely on property rights.

You may say it ought not to be so, but it is. When you break down property rights you have anarchy.

"Mine" and "thine."

Our stone age parents came to treasure a carved bone, a crude tool, a club, for their very own. Thus developed the sense of individual ownership.

Note its beginnings in your baby boy.

Let some other infant get into your son's high chair and hear the primeval howl of the owner. Let another child try to capture your baby's ark or tin soldiers. There is a light on.

Now—

This sense of personal ownership and the respect for the property rights of others are strong in your boy by reason of heredity and training.

If he grows up to citizenship in the right way this sense must be fostered not only for his good, but for society's.

Let the child have his own.

It matters not what it may be—his own chicken or tree or spot in the garden or what not.

It is as much of a crime—in a moral sense—to take the property of your boy or girl without pay as to take your neighbor's stuff.

Let the child have the pride and the self respect that go with ownership. And instill a respect for the property of others.

Because—

A mere desire for property easily may land a man in the penitentiary, but ownership and respect for the rights of others develop morality.

### KRAENZLEIN TO LEAD GERMAN ATHLETES

A. C. Kraenzlein.

A. C. Kraenzlein, former great athlete and later trainer of the University of Michigan athletic teams, will not, at least for five years, help American athletes prepare for any world's championship contests.

Kraenzlein, who since the death of Mike Murphy, America's Olympic games coach and trainer at the University of Pennsylvania, has been regarded by the critics as the leading trainer in this country, has been engaged to prep the German athletes for the next five years.

Kraenzlein's big task will be to develop a championship team for Germany for the Olympic games in Berlin, Germany, in 1916.

#### Derivation of Surnames.

Surnames are not what they seem. For instance, Lind is derived from a Teutonic word meaning a "snake." The apparently quiet and harmless surname Wren comes from a word which denotes "rapine." Fish, though such an innocent name in appearance, originally meant "impetuous."

#### DON'T LET BABY SUFFER WITH ECZEMA AND SKIN ERUPTIONS

Babies need a perfect skin-covering. Skin eruptions cause them not only intense suffering, but hinder their growth. DR. HOBSON'S ECZEMA OINTMENT can be relied on for relief and permanent cure of suffering babies whose skin eruptions have made their life miserable. "Our baby was afflicted with breaking out of the skin all over the face and scalp. Doctor and skin specialists failed to help. We tried Dr. Hobson's Eczema Ointment and were overjoyed to see him completely cured before one box was used," writes Mrs. Strubler, Dubuque, Iowa. All druggists, or by mail, 50c.

## The Inspector of Police

A Thrilling Feature Photo-Play in Three Parts—Over 1,000 Scenes—An Innovation in Pictures—One Day Only

Learning through a newspaper item that Mr. and Mrs. Humphrey are returning to America with a large quantity of jewels which they have purchased abroad, Clayton, a notorious crook, takes a room next to theirs at the hotel. When Mr. Humphrey is out he holds up Mrs. Humphrey and the maid, and escapes to his room. The hotel is surrounded and is about to be searched so he goes down the fire escape, leaps to the streets and forces a chauffeur of an automobile at the point of a revolver to assist him to get away. The Police, with the famous inspector directing them, pursued in the Auto-Patrol. They puncture a tire of the head car and Clayton leaps out and flees on foot. He reaches home and, still being pursued escapes by the roof to a tree on the ground away. He hides in an old well, but the inspector follows and after a desperate struggle captures him. The jewels have been left with his wife, Ethel, and she has left the house and hidden in a corn field. The inspector finds her and she is arrested. The jewels are returned to the distressed owners who thought them gone forever.

This is the Story of The Inspector of Police, a Wonderful Feature Photo-Play Coming to the Royal Theatre, Thursday, September 11th.

## FOR COLORED PHOTOS

Colored Reflecting Element Reproduces Tones on Plate.

Only a short time ago color photography was unknown, while now there are improvements in its methods and additions to its mechanism almost continually. One of the newest of these has been patented by an Englishman with an unmistakably German name. In the rear of an oblong camera box in a plate holder, designed to contain the usual sensitive plate, in front of the plate, about midway between it and the lens of the camera, is a reflecting device that first

filters colors through. catches the image to be reproduced and then filters it through and casts it upon the plate. This colored reflecting element is inclined to the longitudinal axis of the camera box and to both of the transverse axes and the effect is the same as if the image was received on the sensitive plate direct through the lens.

## TO START WORK ON INTERURBAN ROAD ON THE FIFTEENTH

Line Which May Reach Janesville Some Day is to be Rushed to Completion.

According to the following dispatch from Madison, the Chicago and Wisconsin Valley Street Railway company will start actual work on their line between Portage and Madison on the fifteenth of September. This is the line that is reported to be surveying a route from Madison to Janesville to connect with the Rockford Interurban company. The dispatch is as follows:

Madison, Sept. 10.—Work of constructing the interurban electric line between Portage and Madison will be started on Sept. 15th according to word received from General Manager Jones of the Chicago and Wisconsin Valley Street Railway company. According to the franchise the company is to have cars in operation by a regular schedule by January 1, 1914.

## MORE HIGHWAY FUNDS RECEIVED BY COUNTY

Check for \$5,400 Received From State Treasurer—Paid on Endorsement of Highway Commission.

County Treasurer Livermore this morning received from the state treasurer a check for \$5,400, this sum being paid to Rock county on the recommendation of the state highway commission which certified to the amount of the construction of certain highways had been started in a proper and energetic manner in accordance with the provisions of the state aid law. The money paid by the state is one-third of the amount to be expended on the highway. The county which share in the funds just received and the roads to which they will be applied are as follows:

Janesville (North and East)	\$ 600 00
Magnolia (North and East)	1,000 00
Union—Edgerton road	1,000 00
Spring Valley—Orderville—	1,000 00
Broadhead road	1,000 00
Newark—Cleophas—Monroe	1,200 00
Madison road	1,200 00
Johnstown—Johnstown road	600 00

The sum of \$14,700 has been paid to Rock county in state highway aid this week, and approximately \$4,900 is still to be received. State aid has been received for sixteen out of the nineteen towns that are doing work under the law. La Prairie is the only town that has made no appropriation for road improvement. Road work for this season is nearly completed in the towns of Beloit, Center, Fulton, Rock, Harmony, Turtle, and Janesville. That in the town of Lima has just commenced. At the meeting of the County Board of Supervisors last night, the next appropriation will probably be made so that the county can take advantage of the state aid for maintenance of highways.

## BRIEF LOCAL NEWS.

More Matrimony: Thirty-eight more licenses have been granted in Rock county up to today than at the same time last year. The total thus far is 274, contrasted with 236 for September 10 last year.

Four Hundred Licenses: Approximately four hundred hunting licenses have been issued to date by County Clerk Howard Lee.

Hand Eadly Cut: William Rooney, 410 South Bluff street, employed at the Wisconsin Carriage Company's factory suffered a painful cut in the palm of his right hand Tuesday when a saw in the hands of a fellow workman slipped and inflicted the injury. He will be unable to work for a week or ten days.

Bridge Work Progresses: Work on the Milwaukee Street bridge is progressing in good shape and to the satisfaction of Vice-President Leopold of the Gould Construction company who was the city today on a trip of inspection. The piles for the coffer dam for the east pier are being driven and concrete is being mixed and laid as the foundation for the west pier.

Junior Class Elects: At a meeting of the high school last evening officers for the year elected as follows: Malcolm Douglas, president; Evelyn Welch vice-president; and Mark Jones, secretary-treasurer.

Morgan Cup Finals: Finals for the Morgan cup will be played between Al Schaller and George King at the local country club links on some afternoon this week. It will be a thirty-six hole contest. In an eight-hole contest on Tuesday King defeated Schaller two down. This cannot be counted in the final decision, however.

Moore Sole Tenant: William Ambrose, yesterday declared insane by a lunacy commission, was taken to the state asylum at Mendota today by Sheriff Whipple, leaving Jack Moore, held for a hearing on charges preferred by two little boys, as the sole prisoner in the jail.

Marriage License: A marriage license was granted by County Clerk Lee today to Edward M. Holm of Newark and Irene Heyerdahl of Plymouth. As Holm is a minor, the consent of his parents or guardians had to be obtained.

Return From Boston: Miss Gertrude Cobb, librarian at the public library, and Miss Ida Harris, returned Monday from a brief sojourn in Boston. Miss Cobb while there visited the famous Boston public library, considered one of the finest in North America.

Where the Akhund Rules. Swat is the name of a valley and petty state northeast of Afghanistan. It takes its name from the River Swat, the Soastes of the ancient Greek geographers—an indirect tributary of the River Kabul. Its people belong to a race called Yusufzai. Akhund is the title of their rulers. The old line of princes, which till a comparatively late time ruled in Swat, claimed descent from Alexander the Great.

Mr. Connors expects to teach as well as study. He will remain a year, and after that his plans are indefinite.

## MEMORIAL EXERCISES BY PUPILS INSPIRING

Observance of Anniversary of Battle of Lake Erie by Schools of City Very Successful.

Each bearing a flag, ranged two abreast, and grouped according to their grades, the pupils in the Jefferson and Adams schools marched to the east end of the Court House park at eleven o'clock this morning, accompanied by their teachers, and movements, took the form of a parade to commemorate with their songs and their cheers the one hundred anniversary of the Battle of Lake Erie.

The children, after going through a series of simple but attractive marching movements, took the form of a parade to commemorate with their songs and their cheers the one hundred anniversary of the Battle of Lake Erie.

The exercises held at the Washington school grounds at 1:30 o'clock by the pupils of the Washington and Grant schools, and at the Fourth ward high school, by the pupils of the Douglas, Jackson, Lincoln Webster, and Garfield schools were of a similar character, and were enjoyed by a large number of parents and other spectators.

The exercises of the high school Sept. Buell recounted the Perry Memorial exercises at Milwaukee which he had witnessed and also told the story of Commodore Perry and the Battle of Lake Erie.

As a compliment to the school children the Spanish War Veterans' Drum Corps, led by Captain Hans Jaekle and consisting of four drums and four bays, marched to the Webster school and accompanied the pupils of that school to the Fourth Ward Park where they participated with them in the exercises. This was the first public appearance of this drum corps. Later on offers will be added to the corps.

SUCH LOWLY DRESSES We have shown many beautiful dresses in our time but the new fall styles are considerably ahead of all previous efforts. Three weeks spent in New York and other markets by three buyers from the garment department, were busy ones.

The new dresses attest to painstaking selections and careful planning. It is a wonderful variety that the Big Store is placing before its thousands of customers. We frequently hear women say, "I never saw more beautiful styles anywhere." It seems strange that any woman should have a go out of town to buy. The truth is, not many are doing it if we get our line before them first. We are here to show them cheerfully—buy or not, no feeling about it.

## INDUSTRIAL SCHOOL HAS NEW QUARTERS

Adequate Accommodations Fitted up in Lincoln Building—Prepare For Opening Session on September 22.

The Industrial or Permit school is to be located this year in the Lincoln school building. The rooms, which are large and well adapted to the work, have been put in good condition and a fine equipment is being installed. The aim of the school is to help those boys and girls who are at work to become better citizens, more self-reliant, and better prepared for advancement when opportunity offers. It is hoped that the work will be made attractive as well as helpful.

The school opens September 22nd. Before then a card will be sent, so far as known to each employer, of children holding permits and also to each child holding such a permit. This card will state the hours of each day on which the school will be open and which hours will be for vocational and which for academic work.

This year the employer of pupils may choose between five hours a week for twenty-four weeks or four hours a week for thirty-two weeks.

Word comes from other cities that four hours a week is quite popular. The vocational school board is working to make the school efficient. The co-operation of employers, parents and pupils will be of great service in securing this end.

The principal, Mr. Hill, will be busy most of the day with classes but will be at home evenings, either phone.

## PRISONER ESCAPES RATHER THAN WORK

J. H. Conley Sentenced Under Commitment Law, Left Farm of R. E. Atcheson Last Night.

Rather than serve out his time under the commitment law, J. H. Conley of Chicago, yesterday sentenced to ten days' imprisonment by Judge Maxfield, last night made his escape from the farm of R. E. Atcheson near this city to which he had been sent to work by Sheriff C. S. Whipple. By escaping Conley exposes himself on capture to a fine of \$500 or one year's imprisonment in the state penitentiary and the Sheriff will see to it that he receives his just deserts. Conley claimed to be an unmarried man and stated that he had no one dependant upon him. He had been working with a bridge gang near Orderville. For good behavior he would have received one-fourth time off. He is the only one among twenty-three prisoners given work under the new commitment law to make his escape.

## POLE CAT STILL TENANT OF THE STATE CAPITOL

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Sept. 10.—Although a police force of twelve members has been instructed by W. L. Essman, superintendent of public property, to drive from the new \$600,000 state capitol the "Memphis American," whose odorous smells are repulsive to the finer sensibilities of capitol employees, no captures have been made. No one has seen the animal since the first alarm was sounded by the night watchman last Friday morning. Even if captured the animal has a rival for historical honors. Several years ago a "skunk" was the subject of a law suit which finally terminated in the supreme court in which the late Chief Justice Cassoday wrote a long opinion, holding that to call a man by such a name was libelous.

But the skunk that is now prowling around in the subterranean passages of the new capitol, seeks not to get into the legal tomes of the state, and since last week, only the odorous trace can be found. It was originally intended to set traps to catch the animal but this plan has been abandoned.

"We're not trying to keep him in the capitol," declared the assistant superintendent of public property today. "The doors are open for him to go on the way he came in and no one will molest him."

## RESORTERS NEARLY FREEZE AFTER BUILDINGS BURN

[BY ASSOCIATED PRESS.]

Salisbury Beach, Mass., Sept. 10.—A chill northeast wind whipping in from Massachusetts Bay at sunrise today, found 200 homeless vacationists shivering under scant covering on Salisbury Beach. Clad in thin clothing men, women and children had stood guard all night over the few belongings they were able to rescue from the sweep of the fire that devastated the summer resort district.

Heaps of smoking ruins were all that remained today of nearly three hundred cottages and seven hotels that were in the path of the flames.

## Relic of the Civil War.

New Orleans, La., Sept. 10.—After having lain on the bottom of the Mississippi River since she was sunk in 1863, portions of the Confederate ram Beauregard today were installed in the Confederate Memorial Hall in this city. A complete history of the adventures of this daring craft is being compiled.

## Celebrate Golden Wedding.

Gananoque, Ont., Sept. 10.—Senator George Taylor, former chief Conservative whip, and Mrs. Taylor, celebrated their golden wedding anniversary at their home here today. Many of their friends attended the celebration.

## The Theatre

The Story of "Madame X." "Madame X," that renowned mother love drama with Miss Alice De Lane as the woman, will be the attraction at the Myers theatre on Saturday, Sept. 13, matinee and evening. Jacqueline, the wife of Louis Floriot, is driven from her home of luxury because she had foolishly left him for the infamy of his mother, in a quarrel with Laroque she kills him, and for the crime is arrested and placed in jail and is afterward given a trial. Raymond, her own son, defends her. Recognition comes in the last act, the great court room scene. His eloquent appeal to the jury saves the woman, but not her life.

another man, this having happened about two years before the opening of the play.

She repents and comes back, but Floriot violently throws her from the house, keeping their son, Raymond, with him. A later scene, twenty years having expired, shows Jacqueline living as a miserable woman, compelled to seek forgetfulness in the use of opiates and drugs and drifting through the days with any one who will support her.

Laroque, an adventurer, with whom she is living, enters on a scheme with two others to blackmail her former husband, a clew to his identity having been found by them.

Rather than have her son learn of

She craves forgiveness from the son and obtains it, but fate, to punish her, grants only a few moments of a wrecked life in which to enjoy the last full measure of a devotion that is hers.

## CROP DEMONSTRATION SET FOR EVANSVILLE

Mass Meeting and Demonstration to be  
Given on Thomas Steele Farm

Next Tuesday, September 10, all farmers and others who are interested in the reclamation of swamp land, better fertilizers, and soil preparation for the growing of bumper crops, are cordially invited to attend a mass meeting and demonstration on the Thomas Steele farm, one mile west of Evansville next Tuesday, September 10.—Mr. W. W. Weir, joint author with Prof. A. R. Whitson of the popular bulletin just published by the College of Agriculture of the University of Wisconsin on "Soil Acidity and Liming," will give the principal address, his subject being "Marsh Soils and How to Manage Them." A general discussion will follow the lecture and practical illustrations will be made where possible.

Farmers everywhere are taking more interest in soils and their proper management, realizing that therein, more than anything else, lies the success or failure of their crops. Marsh soils, once thought of no value beyond a few cutting of rough, will lay, are now given great consideration by advanced thinkers and practical farmers in Wisconsin, led by note from the Wisconsin Department of the College of Agriculture. By drainage and proper cultural methods and fertilization many farmers have turned their barren marshes into the most valuable and most productive sections on their farms.

An exceptionally interesting and valuable demonstration is planned by Mr. Weir to be given on Mr. Steele's farm, in which the results of applying different fertilizers will be shown. No farmer can afford to miss this opportunity to learn first hand what science can do in meeting local conditions. The science part of the lecture, Mr. Weir promises, will be held down to common, every-day terms of speech, all technical terms being omitted. The meeting will begin shortly after one o'clock in the afternoon. In case of rain, arrangements have been made to postpone the meeting until the same hour on Wednesday, Sept. 17.

## MILTON JUNCTION

Mr. and Mrs. Alfred Courtney of Sandy Sink spent Sunday with Wm. Fulton and family.

Miss Cassie Gray has gone to Koshongong.

## IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" ends indigestion,  
Gas, Dyspepsia and Stomach Mis-  
ery in five minutes.

If what you just ate is souring on your stomach, or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the toilet with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

Soda crackers are more nutritive than any other flour food. Uneeda Biscuit are the perfect soda crackers.

Though the cost is but five cents, Uneeda Biscuit are too good, too nourishing, too crisp, to be bought merely as an economy.

Buy them because of their freshness—because of their crispness—because of their goodness—because of their nourishment.

Always 5 cents. Always fresh, crisp and clean.

## Kalamazoo

By GEORGE FITCH, Author of "At Good Old Siwash."

Kalamazoo is like New York and London and Chicago and Shanghai and St. Petersburg, in one important respect. There is only one of it. The man who invented Kalamazoo's name didn't patent it, but he was safe enough. No one has stolen it. For seventy-five years Kalamazoo has struggled along and never has any ambitious young city anywhere in the United States, "Kalamazoo" or "Kalamazooville" or "Kalamazoo Center."

Thousands of people who don't know whether Kalamazoo is a breakfast food or a new kind of disease have murmured its name lovingly and have taken it home to try it on their pianolas. Everybody is familiar with Kalamazoo but few know when it is in a picture show or is played like a piccolo.

As a matter of fact, Kalamazoo is one of Michigan's best known cities and is not otherwise peculiar. It began life as "Bronson" in the early thirties and in a few years had become large and strong enough to bear its present name. At once the city became famous. Today travelers who pass through Jackson, Grand Rapids

and other Michigan metropolises without coming up out of their magazines to breathe, poke their heads eagerly out of the car window when "Kalamazoo" is called and exclaim: "There it is! Here's Kalamazoo. Let us see if it looks like it."

Kalamazoo has 35,000 people, most of whom manufacture for a living and the rest of whom sell celery. Raising celery is the favorite diversion of the farmers around Kalamazoo. It is true that Kalamazoo is a banquet of the land would have to go hungry until the first course is served.

Kalamazoo has an insane asylum inhabited chiefly by actors who have tried to get up new jokes on it and also a large variety of colleges drawn thither by the exceptional facilities for a college yell which the city's name affords. It is situated in Kalamazoo county on the banks of the Kalamazoo river and its principal paper is the famous "Kalamazoo gazette, gazette Gazette."

Quiet and unnoticed towns should consider Kalamazoo and get a little rag line into their names. It is the cheapest known form of advertising.

BY WALT MASON

The signs all indicate hard times are coming, straight; the corn is dead, the grass is red, the greens have met their fate. For weeks there was no rain, and on the baking plain the cattle stood and bawled for food, and then bawled in vain. The pumpkins vines decayed; the squash died in the shade; all Nature sighed, the weather fried the eggs the old hen laid. The farmer looked afar o'er fields that failed, and, sighed, "Ods fish! Gee, how I wish I had no touring car!" The town man wailed, "Ah me! And also Hilly HARD CHEE! Had I not bought TIMES that dizzy yacht, and cottage by the sea?" The matron cried, "Indeed, it makes my bosom bleed! Had I not blown the golden bone for things I do not need! Hard times are at the door; the heart of man is sore; he mourns the plunk he blew for junk last week or week before. 'Retrenchment' is the word that everywhere is heard; and as a call to spenders all, 'Retrenchment' is a hind. Hard times will come and then, will do much good to men; I'll bend our backs and to brass tacks we'll all get down again."

**Questions Without Answers.**  
"Declare to goodness, mamam," said the elevator man in the Woolworth building, "you've hardly any idea of the questions people can ask. One man looked in here the other day and asked me how many windows this building had in it. Another one, nice-looking old man he was, says to me the other day, he says: 'Who is Mr. Woolworth going to leave this building to when he dies?'"
